Sl.No	List of New Practicals	Class	No of beneficiaries
1	Robotic Process Automation	III B.Sc Computer Science with Cognitive Systems	57

### Syllabus:

List of New demonstrations	
1	Elucidate the automation anywhere installation.
2	Explore the automation anywhere IDE.
3	Company abc client's order fulfillment procedure was quite an inefficient manual process, as humans had to query the system for new orders manually. This caused quite a chaos as humans had to constantly log into the system. Also, they had to validate the order purchased and apply the relevant prices and discounts. Now, obviously, this procedure was quite tedious, time taking and was prone to errors. To benefit their business, company abc decided on automating this process. How it can be done? exemplify using automation anywhere.
4	Exemplify the automation anywhere for read data from pdf documents.
5	Exemplify the automation anywhere for store the data in an excel sheet.
6	Elucidate the automation anywhere for extracting data from invoice copy.
7	Creating bots for automatic software installation.
8	Creating bots for automatic software patch installation
9	Creating bots for file transfer
10	Creating bots for automatic file backup.
