

HINDUSTHAN COLLEGE OF ARTS & SCIENCE
DBT STAR COLLEGE SCHEME-DBT ADVISORY COMMITTEE
MINUTES OF MEETING

(02.08.2022)

The DBT advisory committee met on 2.08.2022 (FN). The meeting was presided over by the principal.

Dr.Sasikala, Head, Department of Computer Science (Cognitive Science) welcomed the External members and members from the departments. Presidential address was given by Dr.A.Ponnusamy, Principal, Hindusthan College of Arts & Science. This was followed by presentation of each department. The department Coordinators of Microbiology, Biotechnology, Mathematics and Computer Science presented their department report highlighting the activities under the scheme, and the proposed activities. After the presentation, Dr.Amitava Sen Gupta, Hon. Distinguished Research Professor, The NorthCap University, Gurgaon (Formerly) Outstanding Scientist/Acting Director CSIR – National Physical Laboratory, India, mentor gave the suggestions/Comments followed by Dr.R.Rajendran, Regional Coordinator and the External member Dr.K.Sumathy, Associate Professor, Department of Mathematics, PSGR Krishnammal College for Women.

The following are the Comments from our experts

- Interdisciplinary event has to be conducted
- No of Beneficiaries has to mentioned for every programme
- Supporting staff programmes are needed
- Interdisciplinary projects should be encouraged
- Updation of website is necessary for every academic year.
- Identify the Uniqueness of department and to establish the uniqueness.
- Publication in reputed journal and book should be increased.
- Outreach activity should give the impact on society.

- As an outcome of DBT, raise the number of graduate progression to higher studies in reputed institutions must be analyzed.
- Identify the entrepreneurs based on internship and skill development Programme through DBT.
- Common template should be followed in all departments.
- Interdepartmental practicals should add value for students.
- IPR related activity, Maths for Bioscience, Artificial Intelligence, MOOC & NPTEL course for student should be increased.
- To promote undergraduate research, mini projects could be given from IInd year onwards.

Dr.N.Hemashenpagam,Professor,Department of Microbiology proposed the
Vote of thanks
