| Venue | | Auditorium | |
| Resource Person/s Details (Affiliation and Designation) | | | |
| Scope of the Event | | Provide awareness to students | |
| Deliberations/Discussions | | ❖ One of the essential elements of earth, water is the prime necessity of life. All living animals and plants cease to exist without it. Hence, the proverb says, “Water is life”. However, with the increasing industrialisation, over-use, and exploitation of all-natural sources, human life is facing some questionable situations such as acute water shortage | |
| Outcomes of the Event | | ❖ The focus is groundwater, an invisible resource with an impact visible everywhere. Groundwater is water found underground in aquifers, which are geological formations of rocks, sands and gravels that hold substantial quantities of water | |
