Beat - a dance competition organised by Bobby Erick BDR

October 10 ,a massive dance competition for the dancers around Tamilnadu from various districts are present executing their talents in a fabulous way. Rotaract club of HICAS also found that it is important to show the talented persons and give opportunity for them to get forward in their career. A team of 10 members actively practiced for the big day and we literally thank our choreographer for sparing his valuable time amidst his busy schedule,

Mr. Saddique, a professional singer, dancer and a choreographer. A multi talented person who came from Mumbai on his vacation to Kerala .we had a heavy work out and the big day came where we could literally show us who we are as a guest performance in the event!. Rtr. Harsha actively participated in the volunteering for dancer and she gave her best. Everyone was blown off. The team had a major theme concerning the youngsters who are found addicted to drugs and stuffs. The message was given out very powerfully and the message with dance performance could mesmerize one easily. That is the key way to get the message reached easily and instantly!. We had charts to display the powerful message via pictures and captured on the gaze. The main reason we could do it was by the support of our management in providing the space to practice.
